

LEGACY Scholarship Program

LEGACY Scholarship Program Overview:

The Challenge Match LEGACY (K-12) Scholarship Program (LEGACY) has been established to pay tribute to an outstanding citizen or organization that exemplifies leadership through education excellence. The Florida Prepaid College Foundation has approved funding of \$100,000 for 2018 to be supplemented by an additional \$100,000 match from private funds to purchase scholarships.

Timeframe: Two annual “windows” of February and July will frame the submission cycle. The student selection for the scholarship may come through student essay submissions or other achievement categories as agreed to by the Foundation and funding organization.

Interested donor organizations must develop a **LEGACY Scholarship Proposal** to include the following elements:

- **Background** - A complete description of the organization and/or individual nominated. Two letters of recommendation should be included for the nomination citing the accomplishments and contributions made by the citizen or organization to education and/or public policy.
- **Proposed Scholarship Description** - A thorough narrative of the scope, purpose and public policy goal of the scholarship program.
- **Eligibility** – A description of the eligibility criteria to be utilized by the donor organization in the selection process, as well as the proposed number of scholarships to be matched and awarded. All scholarship recipients must be a Florida resident and within the K-12 grade levels.
- **Selection process** - The criteria that will be utilized by the organization in the selection process and the proposed number of scholarships to be awarded. Generally, the Foundation will consider one scholarship per organization per year.
- **Funding** - A funding request, detailing the type of scholarship to be awarded and the total amount of match funding requested. Scholarship plan types and prices can be [viewed here](#).
- **Implementation Schedule** – There are two “open” windows of availability for a scholarship match. Please document the proposed award process from scholarship purchase to student award.
- **Public Relations** - A description of the marketing and public relations efforts that will be used to promote the programs. All scholarships if appropriate should include Florida Prepaid College Foundation in the scholarship title.

The Florida Prepaid College Foundation (FPCF) staff will determine if a proposal satisfies the above requirements and pass those that qualify to a Scholarship Committee team to include at least one Member of the FPCF Board. Proposals that are approved for award will be presented at the next Board meeting.
